Participation of Joint Ventures: Participation of Joint Ventures shall be allowed and all its members shall be jointly and severally liable for the entire contract.

Bidding Documents: Bidding documents acceptable to the Association shall be used, and shall be prepared so as to ensure economy, efficiency, transparency, and broad consistency with the provisions of Section I of the Procurement Guidelines.

All criteria so specified, and only such specified criteria, shall be used to determine whether a bidder is qualified. Qualification shall be assessed on a "pass or fail" basis, and merit points shall not be used. Such assessment shall be based entirely upon the bidder's or prospective bidder's capability and resources to effectively perform the contract, taking into account objective and measurable factors, including: (i) relevant general and specific experience, and satisfactory past performance and successful completion of similar contracts over a given period; (ii) financial position; and where relevant, (iii) capability of construction and/or manufacturing facilities. Prequalification procedures and documents acceptable to the Association shall be used for large, complex

The verification of the information upon which a bidder was prequalified, including current commitments, shall be carried out at the time of contract award, along with the bidder's capability with respect to personnel and equipment. In the procurement of goods and works where pre-qualification is not used, the qualification of the bidder who is recommended for award of contract shall be assessed by post-qualification, applying the qualification criteria stated in the bidding documents.

A bidder shall not be eliminated from detailed evaluation on the basis of minor, non-substantial deviations.

Rejection of All Bids and Re-bidding: All bids (or the sole bid if only one bid is received) shall not be rejected, the procurement process shall not be cancelled, and new bids shall not be solicited without the Association's prior written concurrence.

Bid Validity: The bid validity period required by the bidding documents shall be sufficient to account for any period that may be required for the approval and registration of the contract as contemplated in the PPL. If justified by exceptional circumstances, an extension of bid validity may be requested in writing from all bidders before the original bid validity expiration date, provided that such extension shall cover only the minimum period required to complete the evaluation, award a contract, and/or complete the registration process, but not more than thirty (30) days; a corresponding extension of any bid guarantee also shall be required in such cases. A Bidder may refuse the request for extension of bid validity without forfeiting its bid guarantee. No further extensions shall be requested without the prior written concurrence of the Association.

Guarantees: Guarantees shall be in the format included in the bidding documents. The bid guarantee shall be valid for twenty-eight days (28) beyond the original validity period of the bid, or beyond any period of extension if requested. No advance payments shall be made without a suitable advance payment guarantee. Performance security shall not exceed ten percent (10%) of the contract amount.

Inspection and Audit Rights: Each bidding document and contract financed out the proceeds of the Financing shall provide that bidders, suppliers and contractors, and their subcontractors, agents, personnel, consultants, service providers, or suppliers, shall permit the Association to inspect all accounts, records, and other documents relating to the submission of bids and contract performance, and to have them audited by auditors appointed by the Association. Acts intended to materially impede the exercise of the Association's inspection and audit rights provided for in the Procurement Guidelines constitute an obstructive practice as defined in the Guidelines.
